**ESSEX, VT** – Due to the COVID-19 virus and the effect it has had on the safety and security of gatherings of any size, the Miss Vermont Competition will not be held on May 30 2020. The competition will be held later this summer.

A definite date and venue will be determined in coming weeks following the continued guidelines issued by the Centers for Disease Control and the Vermont Department of Health. The Miss Vermont Scholarship Organization board will continue to monitor the information being provided by the CDC, and the federal and state government, and their guidelines, in making future decisions regarding the competition.

Any questions regarding the change of competition schedule and deadlines from candidates or their families may be directed to the Miss Candidate Coordinator, Bethany Sheldon, at [misscontestants@missvermont.org](mailto:misscontestants@missvermont.org) or to the Outstanding Teen Candidate Coordinator, Brittany Rhoads, at [otcontestants@missvermont.org](mailto:otcontestants@missvermont.org).

Further updates will be provided to confirmed and prospective candidates via email as they become available.
